

4463 Multi-zone Control/ Contactor Panel

- **Up to 4 Control Zones in a Single Enclosure**
- **1/16 DIN Controller and 40 Amp Contactor Per Zone**
- **NEMA 4X Enclosure Allows for Hose Down to Corrosive Environments**

Description

The Chromalox® model 4463 Panels provide up to four temperature zones of control in a single NEMA 4X fiberglass enclosure. Excellent for multiple zone ovens or any application where multiple heaters are located next to each other. The multi-zone panel is only 16"H x 14"W x 8"D, important for applications where space is at a premium.
