

## DL & EL Series Connection Accessories

### DL Series

- Re-usable Components
- Through-the-Insulation Mounting Provides High Visibility
- Easy Access for Maintenance

### EL Series

- Low Profile Provides Easy Installation of Insulation
- Contains Standard, Off-the-Shelf Electrical Connection Components

Chromalox offers cable termination kits in DL for high profile, through-the-insulation styles and EL for low profile, under-the-insulation. Both styles are approved for hazardous area applications.
